

Stratalume Connects MAUCLED-ICT

- Delivered lumen range: 1,127 – 2,466 lm
- Input power: 14W or 29W
- Efficacy: 80-86 lm/W
- CCT: 3200K, 3700K, 4300K
- Single, white disinfection mode
- Independent laboratory tested to kill harmful bacteria, including Staph, such as MRSA
- Available in multiple lengths
- External mounting feet enable easy installation
- NSF2 rated, standard antimicrobial finish on painted surfaces

Healthcare workstations are busy places that can be easily overlooked during regular cleaning. Now, Stratalume Connects luminaires using Indigo-Clean Technology can provide on-demand disinfection in these critical areas, reducing harmful bacteria in the air, and on hard and soft surfaces.

These luminaires utilize a state-of-the-art technology to kill bacteria by combining white LED light with 405nm Indigo light. Indigo-Clean is proven to kill harmful bacteria, including Staph*, such as MRSA**. And unlike UV devices, the light is safe for room occupants.

Additional Product Details

Solid Front- Sharp cutoff distribution for workstations and undercabinet installations.

Options- Available with motion sensor, convenience outlet and rocker switch.

Continuous Row Connectivity- Fixtures interlock to create an installation-friendly system.

Power Connections- Molded interconnects and power cordsets are available in various lengths.
